

# TDI ADVANCED NITROX INSTRUCTOR

This is the instructor level certification course for instructors wishing to teach the use of EAN-21 through 100 percent oxygen (O<sub>2</sub>) for optimal mixes to a depth of 40 metres / 130 feet. The object of this course is to train nitrox instructors to teach the benefits, hazards and proper procedures for EAN-21 through 100 percent oxygen (O<sub>2</sub>) for dives not requiring staged decompression.

## Qualifications of Graduates

Upon successful completion of this course, instructors may teach diving activities utilizing EAN-21 through 100 percent oxygen provided:

1. The diving activities approximate those of training
2. The areas of activities approximate those of training
3. Environmental conditions approximate those of training

Upon successful completion of this course, graduates are qualified to enroll in:

1. TDI Decompression Procedures Instructor course
2. TDI Extended Range Instructor course

## Instructor Candidate Prerequisites

1. Minimum age 18
2. Minimum certification of TDI Advanced Nitrox diver or equivalent
3. Provide proof of 100 logged dives, 25 must be nitrox dives
4. Must have certified 10 students in entry-level nitrox

## Duration

4 days
